Growing plants from seeds

Expressive Art & Design

- I can talk about what my plant looks like.
- I know what my seed needs in order to grow.
- I know how plants, fruits and vegetables are similar or different to each other.
- I can use a computer to find out more about plants.
- I can make predictions about how different environments may affect how well a seed grows e.g. a desert, a snowy landscape, under the sea.

Literacy

Numeracy

- I can look at books about seeds and plants to help me with my ideas
- I can write facts about different plants, fruits and vegetables.
- I can write instructions for how to grow a seed.
- I can keep a seed diary about how my seed is changing.
- I can label a picture of a plant.

- I can talk about the different shapes in the garden.
- I can count how many plants are in my garden
- I can design and play a garden board game.
- I can say how tall the seed has grown and measure it.
- I can make up number stories about animals, plants, fruit and vegetables.

- I can draw pictures of how my seed is changing.
- I can make a collaged picture.
- I can safely use various tools and materials, colours and textures.
- I can build a story around my seed.
- I can invent my own magical plant.
- I can design a poster about how to help a seed grow.
