If your child is using these apps, it is essential that you ensure that privacy settings are in place and that you continue to regularly check the conversations and images/video that are being shared. ## Y1 Trip to Chester Zoo

On Monday Y1 went to the zoo to learn about lots of different animals. The children were very excited to see the animals close up and discover new facts about them. After studying the work of Jane Goodall in school, the children were able to observe closely the behaviour of chimpanzees and apes. The children took part in a 'Curious Creature Workshop' and were able to ask questions to the zoo keeper and take part in a special tour of the zoo. Here are some of the interesting facts that the children remembered from our visit:

" Did you know that giraffes have seven neck bones just like us?"

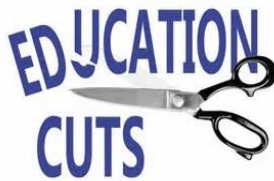

" It take a month for a sloth to digest a leaf."

" Chester Zoo has over 20,000 animals."

WOW - Look how big one neck bone is!

Following on from the School Funding Cuts petition, Warrington school children are setting their own challenge to the Government over fairer funding with a unique take on 'Food, Glorious Food'. View the video on the 'Latest News' section of our website.
