Mrs Lydon's Class Assembly

Our class assembly theme was the Christian value 'Respect'. The children had lots of fun planning their own scripts, we shared learning from our Stephen Lawrence Day about discrimination, poetry from 'The Windrush Child' and 'Open the Door', a Bollywood dance and even a science investigation showing how our digestive system works.

Digital Parenting Magazine

You will find a copy of the Digital Parenting magazine in your child's book bag today, which features excellent advice on issues such as setting the right boundaries, how to speak digital with your child and how to get a better digital-life balance for your family.

SPORTS DAYS

On Monday afternoon, Y3 held their sports day. All of the children took part in a variety of races: sack jumping, sprinting, skipping,

space hopper and even a water race! We also had a toddler race and the parents did their own water relay race, which resulted in them ending up very wet. The children gave it their all, showing fantastic team work and perseverance. A big well done to the winning team, the **red team**! Mums and dads competed against each other, dads won overall, and the winner of our toddler race was Fred.

On Tuesday, Y1 held their Sports Day. The children took part in an obstacle race, a sprinting race and a variety of other exciting races including an animal race and a beanbag shuttle. It was lovely to see all the children taking part and supporting their team-mates. The results were close, but the **Green Team** were the winners! Thank you to everyone who came to support the children.

Well done to everyone in Miss Lester's class for 100% attendance for week ending 24th May!

Please find attached flyers from Warrington Central and Orford Library regarding crafts and activities that will be held over half term.

Walton Gardens/Grappenhall Heys Visit

Mrs Kennerley's Year 1 class had such a wonderful day on their visit. "We enjoyed exploring the sensory garden at Walton Gardens, looking for different signs of nature. We worked with a partner to see if we could tick everything on our I spy sheet. During our time at Grappenhall Heys we met Kate who explained all about the gardens. We loved planting our sunflower seeds and can't wait to find out how tall they grow."

Together we aim high and with God's love we can fly.
