

The hidden villainess of my story is Circe (pronounced as seer-see) Clarkes. She has short, straight chin-length hair which is chestnut-brown. Her eyes are deep brown with a little smudge of green. She is the housemaid and is somehow related to the keepers. Circe always tries to gain without sacrifice using her devious plans. She loves snooping & is very cunning and can lure anyone into her trap with her acting skills. If she went to Hogwarts she would either be sorted into Ravenclaw or Slytherin because her plans require a genius's mind and networkers (Ravenclaw) and she also is sly and ambitious.
