

*Choose one of the teddy bears to draw. Try drawing the teddy bear in different materials e.g. pencil, pen, coloured pencils, felt tips or anything else that you may have. Don't worry about colouring your picture, just focus on the lines and the shapes. Remember to draw lightly, don't press too hard with your pencil.*

*Remember to keep looking at the picture/object that you are drawing!*

*After completing your drawings. Evaluate your work. Think about which material you enjoyed using and why.*
