

The Bug Chant

Red bugs, bed bugs
find them on your head bugs.

Green bugs, mean bugs,
lanky, long and lean bugs.

Pink bugs, sink bugs,
swimming in your drink bugs.

Yellow bugs, mellow bugs,
lazy little fellow bugs.

White bugs, night bugs,
buzzing round the light bugs.

Black bugs, slack bugs,
climbing up your back bugs.

Blue bugs, goo bugs,
find them in your shoe bugs.

Thin bugs, fat bugs,
hide them in your hat bugs.

Big bugs, small bugs,
crawling on your wall bugs.

Smooth bugs, hairy bugs,
flying like a fairy bugs.

Garden bugs, house bugs,
lumpy little louse bugs.

Fierce bugs, tame bugs,
some without a name bugs.

Far bugs, near bugs,
what's over here bugs?

Whine bugs, drone bugs,
create some of your own bugs!

Bzzzzzz ...

Work with a partner to answer the following questions.

1. Underline all of the rhyming words. What pattern do you notice?
2. Clap out the syllables of each pair of lines. Can you spot a rhythm?
3. Look at all the different types of bugs. Which bug or bugs do you like the best?
