

Dear Paddington,

I think you should visit Disneyland Paris because it is a magical place and you would have so much fun!

There are lots of lovely shops and exciting rides but remember to take your sun cream because in summer it can get very hot.

Disneyland Paris can get quite busy too so make sure that you don't get lost and follow the signs and directions carefully.

I'm sure you will enjoy Disneyland and you will meet lots of the Disney characters. It is my favourite place to travel to.

Have a great time!

Love from,

Miss Birchall
