Isolation Periods

A reminder that the length of self-isolation periods changed from 14 to 10 days on Friday 11th December for those who have had contact with a positive case and that they should be calculated as follows:

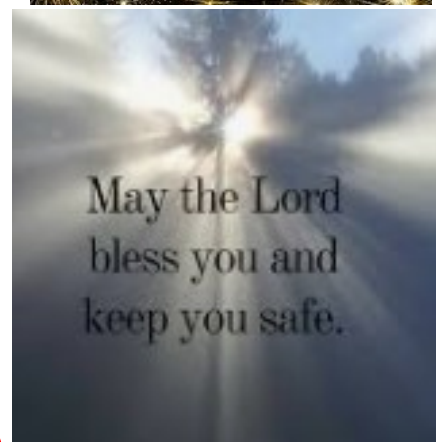

Isolation periods will take the day contact occurred as Day 0 of the isolation period

You must remain in isolation until Day 11

For example, contact on 18th December 2020 = Day 0; last day of self-isolation is 28th December 2020 = Day 10; able to resume normal activities on 29th December 2020 = Day 11

Queries regarding remote/online learning

If your child has any problems with online learning i.e. logging on to google classroom, passwords, muting, or any other online learning issue, please do not phone the school or send any queries via Google classrooms.

Please send an email to stphilips_primary@warrington.gov.uk so that we can log your concern and send a message to the teacher. When the teacher has identified what the problem may be a reply to your email will be sent to help you resolve the issue.

Please remember that if your child is taking part in a live lesson at home these lessons are being taught to both children at home and the children of key workers in the classrooms simultaneously. Therefore, we ask parents not to interrupt the lesson with any queries and to email them into the school email address shown above.

Thank you for your co-operation.

Thank you to all parents that have sent in emails praising staff for all their hard work. We are extremely pleased that so far, apart from a few technical issues, the children both at home and at school are still learning together as a class with their teachers.

Together we aim high and with God's love we can fly.
