Spring 2 - Lesson 1

Easter Celebrating
New life and New
Beginnings

Spring

Spring is one of the four seasons.

What Does Spring Look Like?

Signs of Spring

snowdrop

bulbs shooting

daffodils

flower buds

blossom

crocuses

Signs of Spring

chicks

lambs

tadpoles

bluebells

bees

THE VERY HUNGRY CATERPILLAR

by Eric Carle

Butterfly Life Cycle

The butterfly lays her eggs onto a leaf. These can be round, oval or cylindrical.

Butterfly Life Cycle

The larva
(caterpillar)
hatches and
works on eating
the plant it was
born on to grow.
It will shed its
skin several
times.

Butterfly Life Cycle

The caterpillar undergoes a process called metamorphosis inside its chrysalis or pupa, where it is rapidly changing.

Butterfly Life Cycle

The fully formed butterfly emerges, dries its wings and then flies off to seek out a mate!

Let's listen to this song
about the life cycle of a
butterfly.
